### **POSITIVE PROFIT ALERT**

This announcement is made by Precious Dragon Technology Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on the preliminary assessment on the unaudited consolidated management accounts of the Group for the six months ended 30 June 2023 (the “**Period**”), the Group is expected to record a significant increase in net profit attributable to the Shareholders by not less than 90% as compared to the net profit attributable to the Shareholders of approximately HK\$13.2 million for the six months ended 30 June 2022.

Based on the information available to the Board, the Board considers that such expected increase in net profit was mainly attributable to, among other things, (i) the decrease in the cost of procurement of solvents, being the major raw materials for the production, which was caused by the decrease in crude oil price; (ii) the increase in the Group’s gross profit margin due to the increase in bargaining power against the suppliers; (iii) the concentration on the high profit margin products; (iv) the significantly decrease on transportation cost by the overall business environment; and (v) the implementation of strict cost control measures to reduce the selling and distribution costs and other expenses.

As at the date of this announcement, the Company is still in the course of preparing the interim results of the Group for the Period. The information contained in this announcement is only based on the preliminary assessment by the Board with reference to the unaudited consolidated management accounts of the Group for the Period, which have not been reviewed by the Company's auditors or the audit committee of the Board. Such financial information will be subject to finalisation and necessary adjustments. The interim results of the Group for the Period are expected to be announced by the Company before the end of August 2023. Shareholders and potential investors are advised to read the interim results announcement of the Company when it is published.

**Shareholders and potential investors are advised to exercise caution when dealing in the securities of the Company.**
